Your Hostess — Mary Robson

Your hostess, Mary Robson, has been traveling in British Columbia for over 20 years. During her travels, she has visited 25 towns and cities -- and has come to know the difference between a place to stay and a home away from home.

Mary has worked hard to make sure everything she ever found missing on her own travels has been provided for you at Dancing Firs. From cappuccino in your room, to a beautiful bathtub and decadent toiletries, to exquisite French linens, to simple but elegant fresh flowers, Mary has provided every luxury and convenience.

For those who welcome the homey atmosphere B&Bs are known for, Mary is happy to act as a local guide, show off the gardens, or just stop by for a chat.

But if you treasure your privacy, don't worry -- your stay will be totally customized to meet your every desire. Each room has a custom-built "service box" so Mary can discreetly deliver your meals to your door without you ever knowing she's there.

flowers from Mary's garden

Mary loves to be creative in the kitchen, so please feel free to make special requests to make your visit perfect. Or, just let Mary work her magic -- whether it's her spectacular European-style fruit salad, her home-canned peaches, or something a little heartier, you're sure to be delighted.

As you stroll the grounds at Dancing Firs, you'll notice there are flowers everywhere... Mary's taken a keen interest in floral and garden design, and she loves to share her beautiful gardens and flowers with her guests.

No matter what you're looking for at Dancing Firs -- a romantic getaway, a place to forget your

deepest cares, or a simple holiday by the sea, Mary will help you create the perfect escape.

Our friend Emi-lee is a small, happy dog who loves visitors... Talk to us about creating a luxury escape for your pet, too.
